PLAN ADDITION TO NEW BAKERY

Three building permits were issued this morning, one of them being for the construction of an addition to the Love Biscuit & Bread Bakery on the Ewa side of Nuuanu street near Pauahi street, involving an expenditure of \$15,367.40.

This will be a two-story building with four rooms on the upper floor and the lower floor being used as one room. Ripley & Davis are the architects and the builder is the Hawaiian Baking Co. The building will be used in connection with the bakery and store.

The other two building permits were issued to Chum Kim Sit for the construction of a one-story five-room residence to cost \$1250 on Buckle lane one hundred feet from Vineyard street.

EXPECT INFORMATION ON SUGAR LICENSING WILL ARRIVE SHORTLY

A. M. Nowell, secretary and manager of the Sugar Factors, Ltd., has received word concerning the announcement published Monday that all sugar plantations would have to obtain licenses to operate. "Instructions on the matter should arrive soon," declared Mr. Nowell, "and I would judge that they would come either to the Sugar Factors, the Sugar Planters' Association or through the proper official sources which, in this case I believe, would be the internal revenue office or the district attorney's office."

Manoa Improvement club and residents of Manoa will hold an important meeting at the Tennis club house tomorrow evening. Committee reports, particularly roads and sidewalks, will be brought up.

WANTS AEROPLANE, SUBMARINE STATIONS SITUATED AT HILO

Carl Miller Tells Trade Board
He Has Reported His Plans
to Washington, D. C.

(Special Star-Bulletin Correspondence.)
HILO, Sept. 6.—"I reckon that I could build as good an aeroplane or as good a submarine as anybody," declared Carl E. Miller to the members of the Board of Trade last Tuesday afternoon. Mr. Miller did not explain how he was going to do the work, but did state that he had made several models of underwater and over earth ships. He wanted the board of trade to back him up in Washington with his proposition to have a submarine base and an aeroplane base also established in Hilo near the breakwater. Mr. Miller did not go into details regarding the proposition, but he did say that he did not want to have anything to do with the Honolulu people, or authorities, and that he had communicated direct with the president of the United States. In answer to his letter he had received a reply from Secretary of the Navy Daniels and that official had said that there were many things to be considered in connection with the proposition, and that it had been taken under advisement. "We have a splendid place in Hilo for drydocks," declared Miller, "and

the labor to be obtained is good and easy going. I think the proposition should be taken up. We have a splendid base for aeroplanes, too, for the trade winds are all right. This idea has been killed many times. Why should it not be started?"

Mr. J. W. Russell inquired as to whether anything along the lines suggested could be accomplished by dealing with the Honolulu authorities, but Miller declared that he did not want to have anything to do with the Oahu people, so had dealt direct with Washington.

Judge D. E. Metzger then took a hand and he asked Miller why he had communicated with the president direct. The answer was because he wanted the Hilo people to do the necessary work in establishing an aeroplane base here.

Attorney Russell again took the floor and wanted to know if Hilo could offer any advantage to the naval authorities over and above those of Honolulu. Miller again stated that Hilo was an ideal place for submarines and airships, and that he did not want to have anything to do with Honolulu. The Rev. George Laughton said that a committee should be appointed to look into the matter with Mr. Miller. President Vickers appointed Rev. Geo. Laughton as a committee of one to take up the matter.

MAUI NEWS

(Special Star-Bulletin Correspondence.)
WAILUKU, Maui, Sept. 15.—Dr. Charles P. Durney, head of the Kula Sanitarium, has been sick for some days with whooping cough. Dr. Edgar Young, who only recently left Kahului, has gone to Kula to substitute for Dr. Durney.

Caleb E. Burns moved to Wailuku last week Monday, having accepted the position of assistant manager of the Wailuku Sugar Co. He and his family are living in the Ferreira cottage on Vineyard street.

Hannah Tavares, daughter of Antonio Tavares of Pala, broke an arm when her father's car ran into the ditch on the sharp turn below the Maui high school. The car was full of children and it was a wonder that more of them were not hurt.

Through the resignation of Mrs. Sahr as matron of Lahainaluna, the position was left vacant. Principal C. A. MacDonald made a hurried trip to Honolulu and secured as matron Miss

Edith Wagner of Salinas, Cal., who came to Lahaina a few days before school opened to assume her new duties.

Mrs. R. P. Harbold of Wailuku has opened a tea room and gift shop on Central avenue. She has styled her headquarters "The Cottage."

L. D. Timmons of Kauai is expected within a few days on Maui. He will be acting editor of the Maui News while Will J. Cooper is absent from Maui at the officers' training camp on Oahu.

At a meeting of the trustees of the Maui Chamber of Commerce held last Thursday, the vote was unanimous to instruct the Maui delegates to the Honolulu Civic Convention to invite the next session to convene on Maui at Wailuku.

PROPERTY OWNERS TO HAVE CASH REFUNDED

Forty property owners in the Lushiana improvement district will receive a refund of the money paid by them to the city and county. This refund is being made under the provisions of act 241 of the last legislature. City Treasurer D. L. Conkling has arranged the details of the refund and the 39 claimants can receive their money by calling at his office and signing for it. The amounts to be refunded vary from \$2 to \$124.

MINERAL PRDCTS. HITS THE BOTTOM

Mineral Products has about reached its lowest ebb without sliding over into the minus column. Today it was quoted at 2 cents despite the hopes of interested persons for a successful denouement to the reorganization meeting scheduled for tomorrow.

Other unlisted securities, however, held up well. Engels selling at \$6 while Montana Bingham is firm at \$9. Olara still continued to slip and dropped another notch. It is now quoted at \$8.50 bid.
